Less to worry about with a **Destroyit Electric-Wastebasket.**

ABSOLUTELY UNREADABLE

Avoid losses!

THE OFFICE PAPER SHREDDER **destroyit®**

ELECTRIC WASTEBASKET

Shreds your papers, silently, automatically . . . never to be read again!

Your wastebaskets may be a source of important information easily misused by the "disgruntled", the "trouble-maker", or even an unethical competitor. Shred your papers, correspondence, memos, estimates, designs, stenographic notes — all forms of "essential" papers—with a **destroyit Electric-Wastebasket.**

So simple to use. Place the paper into the opening. Starts automatically. Stops by itself. No start or stop buttons! Paper is shredded into unreadable widths 1/8" thin.

No bigger than the average wastebasket, the **destroyit Electric-Wastebasket** is elegantly designed to complement any office decor. Ideal for the executive, secretary, every office worker. Plugs into any outlet. By way of a separate spring-door there is also room for ordinary waste which need not be shredded. Shreds or no shreds—a completely modern wastebasket.

The **destroyit Electric-Wastebasket** is indispensable to prudent business management. It requires no maintenance other than emptying the bin when full. Yet it could be one of your wisest business investments — capable of preventing trouble when you least expect it. It's always time to change to safety! So **destroyit** if it should be!

COMPACT-CONVEYOR SHREDDER

AVOID LOSSES BY VOLUME SHREDDING OF CONFIDENTIAL INFORMATION WHICH MIGHT GET TO THE WRONG PEOPLE:

COMPLETE FILES OF Confidential Correspondence & Memos ▪ Suppliers Names ▪ Old Contracts & Ledger Sheets ▪ Designs for New Products ▪ Estimates ▪ Bids ▪ Computer Printouts ▪ Microfilm & Punched Tape ▪ Customer Mailing Lists ▪ Personnel Records ▪ Government Orders & Instructions ▪ Markdown Tags ▪ Gift Stamp Books & Premium Coupons ▪ Credit Cards ▪ Cancelled Checks

SAVES MONEY BY PRODUCING 1500 LBS. PER HOUR OF EXCELLENT PACKING MATERIAL (shredded paper)

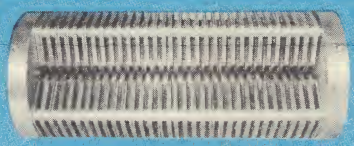
THE COMPACT-CONVEYOR destroyit® SHREDDER

SHREDS UP TO 1500 LBS. AN HOUR QUIETLY

WITHOUT REMOVING STAPLES OR PAPER CLIPS

The DESTROYIT Compact-Conveyor Shredder makes available, conveniently, the continued daily destruction of essential paper meant for waste, which might otherwise "hang-around" long enough to "backfire," causing enormous unexpected losses.

The first, really quiet, compact shredder with the convenience of a conveyor belt, this DESTROYIT model will help a planned record disposal program particularly where local laws prohibit incinerators, saving the needless expense of storing obsolete records.



QUIET OPERATION because the cutters are rotary, not choppers.

Now . . . right from the files, file folders with contents — without removing staples or clips, and crumpled paper, right from wastebaskets (properly handled) can be shredded with the new, DESTROYIT Compact - Conveyor Shredder.

What's more, the DESTROYIT Compact-Conveyor Model will produce excellent packing material at a fraction of the cost of excelsior and at the same time dispose of old newspapers and magazines and other paper waste.

Attractively designed, the DESTROYIT Compact-Conveyor Shredder is simple and safe. Anyone can operate it. An ALL-METAL (no plastic) housing protects the entire mechanism.

With a convenient feed-opening of 16" and a shred volume of 1500 lbs. per hour, the DESTROYIT Compact-Conveyor Shredder will destroy, in quantity, designs for new products, architectural drawings, computer printouts, bids and proposals, inventory markdown tags, customer mailing lists, personnel records and many others of beyond desk-size application, in addition to confidential correspondence and memos. In fact, with its specially-knurled hardened-steel knives, it will shred aluminum and zinc offset duplicating plates and various plastics, with no damage to the shredding mechanism.

Essential Equipment Used By: BANKS — MANUFACTURERS — RETAILERS — WHOLESALERS — ENGINEERING and ARCHITECTURAL FIRMS — SCHOOLS and UNIVERSITIES — ACCOUNTING and LEGAL FIRMS — HOSPITALS — SUPERMARKETS and MANY OTHERS.

IMPORTANT INFORMATION CANNOT LEAVE YOUR ORGANIZATION IF YOU HAVE A destroyit

Losses can be enormous when private information gets into the wrong hands. The handy, handsome DESTROYIT Paper Shredder is essential office equipment, not only for the officers and executives of a company, but wherever records of importance become obsolete and must be thrown away. (See listing above).

What the DESTROYIT Paper Shredder does is to make available, within reach, the continued and immediate destruction of essential papers meant for waste, which might otherwise "hang around", possibly long enough to "backfire". Daily destruction of waste paper in the DESTROYIT is efficient, careful office practice, preventing losses and troubles that occur when you least expect them. **There are four DESTROYIT cabinet models, differing only in the width of the shreds and the quantity of paper that the machine will take at one time. A table model (identical machine without cabinet) is available for $50.00 less. Model 6MM destroys up to 16 sheets of 16 lb bond paper at once, while Model 1MM will make the thinnest shreds of any shredder available, especially important to some organizations with highly secretive or confidential material.**

The DESTROYIT is the only two-way office paper shredder with a second outside door for quantity shredding. In one hour, Model 6MM will destroy over 150 lbs. of paper or card stock, otherwise the main door has its own removable waste-bin enclosed in a unit attractively designed for the modern office.

For EXTRA strength the cutting mechanism and motor operate on ball bearings. An ALL METAL (no plastic) housing protects the entire mechanism. Paper clips and staples cannot damage the cutters or cutter shaft, which are made of core-to-surface-hardened steel. And there are push-button controls for "on", "off" and "reverse".

The DESTROYIT is utterly simple—anyone can operate it. Riding on casters, it is easily moved to favorable working spots in the office or plant. Each model comes with a protective plastic cover.

SUPER-SPEED SHREDDING FEATURES

1. Staples and clips do not affect self-sharpening cutters of hardened steel — ball race bearings throughout.
2. Push button operation.
3. All metal construction throughout — No plastics.
4. Shreds are disposed of with great convenience: two steel pull out rods support the shred bag, into which the shreds fall (a supply of plastic shred bags come with each machine).
5. 500 lbs. of shreds per hour, rated capacity; the machine shreds as fast as it is fed — so simple, with its gravity feed table, that it is easy to be fast.
6. Powered by heavy duty ⅝ H.P. electric motor with overload cut out device and powerful reverse mechanism.
7. Gravity feed table 14″ wide at its start.
8. Dimensions: 18½″ wide x 17″ deep x 10½″ high. Weight: 84 lbs. (140 lbs. crated).
9. Color and Finish: Two-tone enamel gray with chrome trim and polished aluminum feed tray. Blends tastefully with every modern office decor. (Desk/Table model only).

GUARANTEED FOR ONE YEAR

The DESTROYIT SUPER-SPEED is important equipment wherever there is a great volume of confidential material which must be destroyed regularly and quickly. Its powerful operating speed makes it possible to handle such an impressive volume that this shredder will be able to work for many departments. In fact, it shreds as fast as it is fed. And its ease of handling makes it almost fun to use. Simply drop any confidential matter onto the gravity feed table; it will then slide quickly into the shredding mechanism, which jets the unreadable shreds into the conveniently attached shred bag. CONFIDENTIAL CORRESPONDENCE, DESIGNS FOR NEW PRODUCTS, OLD CONTRACTS, ESTIMATES, IBM CARDS AND CHECKS ARE THOROUGHLY DESTROYED. Even paper many times the size of the throat is easily handled — quickly pulled into the shredding mechanism over the gravity feed table which is 14″ wide at its start. The DESTROYIT SUPER-SPEED is in the vanguard of its field; there's no finer equipment available at its price, size, speed and powerful production.
